

Los Angeles, August 12-62

Dear [ ]

I have received your certified letter.  
It was nice to hear from you again.

Finally my car was delivered here yesterday.  
At the present time I am putting my  
hours in with the Culver City potato  
shelling machine Co. I'm working like a dog  
and accomplishing nothing. The only satis-  
faction that I derive from this job  
is that I can get at 7 o'clock<sup>P.M.</sup> and  
devote my time to the prospective track  
and soccer champions.

Yesterday I have received a letter from  
Payton Jordan who says that chances  
of getting the job depends on the decision  
of the board of the Trustees.

Inbetween I have looked around in  
this area. Because of this I will have  
to stay here untill 25<sup>th</sup> of August.

I have a very good friend coming  
in from Hong-Kong, who probably will  
be able to be helpfull to assist me to  
locate an eventual position in this area.  
I hope to receive in couple more  
days the information from Chile.

As soon as I receive it, I will send it

I am very happy to accept your invitation to visit you.

Does it have to be in the final days of this month?

My previous plans were to stay <sup>until</sup> mid September, ~~because~~ in Los Angeles, because I could not get a job in Denver for necessary because of the support of the family.

If it is important for us to meet, I will be glad to take the plane at any time and see you.

Otherwise I plan to fly out between 15-25 of September from Denver.

Please let me know what are your plans!

Yours Truly

Ed L.
